2 From a note of the Auditor, Bangalore City Municipality it is seen that the work of reconciliation of the differences under the Debt Heads - Viz ; Loans sinking funds, Investments and Stock has been made by the Special Accountant deputed to work in the Municipality and the difference are being got adjusted in accounts The verification of the head "Deposits" is stated to be still incomplete and it is expected to require about a month more for complete verification As the Deposit registers are not properly maintained and the items of differences are many, the registers have now to be got written up properly, bringing all the items working out to the balance at the end of June 1940 and for the subsequent period also The verification of "Advances" has not yet been taken up The complete verification of this work will take up a month or two It is learnt that the Special Accountant was on leave for about a month during the period of

of deputation In consideration of the foregoing, the extension of 4 months applied for by the Municipalit may be sanctioned on the definite understanding that the work of reconciliation of the Debt Head balances should be completed by that time and further work continued by the normal staff of the office There should be no necessity for any further action if the Municipality make arrangements to give effect to the corrections and adjustments proposed by the Accountant after needful verification, promptly and utilises his services most usefully

3 In this connection I may point out that the Bangalore City Municipality, did not relieve the Accountant on the expiry of the sanctioned period though a requisition was made in the matter on 29-10-42 and subsequently reminded on 27-11-42 On the other hand they applied for extension of his term without even consulting the convenience of this office Retention of hands by the Departments beyond the period of sanction when this office is keenly feeling the want of Senior and experienced hands dislocates the work of this office seriously
